

SKU: EXPO-TUFTED-BOOTH

PRODUCT SPECIFICATIONS

For venues that demand a touch of drama and luxury, the Expo Diamond Tufted Back Booth delivers. Featuring deep-set button tufting in a diamond pattern, this design evokes timeless sophistication — perfect for steakhouses, cocktail lounges, and fine dining spaces. Each booth is handcrafted in the USA with a durable hardwood frame, dense foam cushioning, and your choice of commercial-grade fabric or vinyl. The diamond tufting adds depth and texture, making this booth not just seating, but a statement piece.

Upholstered banquette seating with deep soft cushioned padding for the most comfort and support. Frame is made from solid wood. Cushions are made of high density CAL 117 certified foam. Super high-performance commercial grade vinyl featuring 500,000 double rubs, California and Boston fire codes certifications. Common applications in hospitality, healthcare, contract, education, marine and automotive industries.

Premium Formica® or Wilsonart® laminate wraps around the back and the base to create a beautiful and luxurious look. Laminate features stain, scratch and impact resistance. Our laminates are available in many finishes to match any decor.
