

SKU: EXPO-FLAT-BOOTH

#### PRODUCT SPECIFICATIONS

The Expo Flat Back Booth is a go-to choice for modern spaces that value simplicity and clean lines. With its smooth, unembellished back panel, this booth offers a minimalist aesthetic that complements a wide range of restaurant styles — from casual cafés to sleek urban bistros. Built in the USA with a sturdy hardwood frame, high-resilience foam, and your choice of commercial-grade upholstery, this booth is both visually refined and highly functional. Its no-frills design delivers maximum flexibility while maintaining comfort and durability.

Upholstered banquette seating with deep soft cushioned padding for the most comfort and support. Frame is made from solid wood. Cushions are made of high density CAL 117 certified foam. Super high-performance commercial grade vinyl featuring 500,000 double rubs, California and Boston fire codes certifications. Common applications in hospitality, healthcare, contract, education, marine and automotive industries.

Premium Formica® or Wilsonart® laminate wraps around the back and the base to create a beautiful and luxurious look. Laminate features stain, scratch and impact resistance. Our laminates are available in many finishes to match any decor.
