

SKU: NORWAY-DIAMOND-BOOTH

PRODUCT SPECIFICATIONS

Designed with vertical stitched channels, the Norway Channel Back Booth gives off a polished, “classic restaurant” vibe — reminiscent of upscale diners and modern American eateries. The channeling provides subtle contour and visual height, adding a structured, tailored look that suits dining rooms aiming for an inviting yet refined feel. It’s the perfect middle ground between minimal and luxurious. Mounted on 4” black legs with a 350 lb. weight capacity per seat, it’s easy to configure in long runs and built to last. Proudly made in the USA with performance-grade materials and commercial durability.

Built to be sturdy, pieces can be transported with ease and used in high traffic areas.

Upholstered banquette seating with deep soft cushioned padding for the most comfort and support

Frame is made from solid wood. Cushions are made of high density CAL 117 certified foam. Super high-performance commercial grade vinyl featuring 500,000 double rubs, California and Boston fire codes certifications. Common applications in hospitality, healthcare, contract, education, marine and automotive industries.
