

SKU: STYLE-S-CHANNEL-HALF-CIRCLE

PRODUCT SPECIFICATIONS

With its vertical channel stitching and sweeping curved form, the Style-S Channel Back Half-Circle Booth brings classic restaurant style into a sculptural layout. The radius design allows for natural table flow, avoiding sharp table edges and maximizing guest comfort. This booth instantly becomes the visual anchor of any dining space, drawing attention and defining the room's energy. The structured channel back adds a formal, upright feel that's ideal for restaurants and hospitality venues aiming for a polished, familiar look — with a twist. Proudly made in the USA, each seat supports 350 lbs. and connects effortlessly to create a full layout.

Upholstered banquette seating with deep soft cushioned padding for the most comfort and support. Frame is made from solid wood. Cushions are made of high density CAL 117 certified foam. Super high-performance commercial grade vinyl featuring 500,000 double rubs, California and Boston fire codes certifications. Common applications in hospitality, healthcare, contract, education, marine and automotive industries.

Premium walnut laminate wraps around the base to create a beautiful and luxurious look. Laminate features stain, scratch and impact resistance. Our laminates are available in many finishes to match any decor.
