

SKU: STYLE-S-DIAMOND-BOOTH

PRODUCT SPECIFICATIONS

The Style-S Booth is one of the most in-demand styles for today's high-end restaurants and steakhouses — and for good reason. Its iconic diamond-tufted backrest with deep-set buttons delivers a rich, elegant look that instantly elevates any dining space.

Built in the USA with a solid hardwood frame, plush commercial-grade foam, and your choice of high-performance vinyl or fabric, this booth delivers both comfort and durability. The elegant silhouette is grounded by a classic kick base and refined proportions that invite long, relaxed meals.

Upholstered banquette seating with deep soft cushioned padding for the most comfort and support

Frame is made from solid wood. Cushions are made of high density CAL 117 certified foam. Super high-performance commercial grade vinyl featuring 500,000 double rubs, California and Boston fire codes certifications. Common applications in hospitality, healthcare, contract, education, marine and automotive industries.

Premium walnut laminate wraps around the base to create a beautiful and luxurious look. Laminate features stain, scratch and impact resistance. Our laminates are available in many finishes to match any decor.
