

SKU: STYLE-S-FLAT-BOOTH

PRODUCT SPECIFICATIONS

The Style-S Flat Back Booth offers a clean, streamlined look that blends effortlessly into modern interiors. With its smooth, unstitched back panel, this design is all about simplicity — perfect for restaurant layouts that prioritize a minimalist aesthetic without sacrificing comfort or quality. Its balanced proportions and subtle presence make it an ideal choice for corporate cafeterias, modern steakhouses, or any venue looking for a polished, no-fuss seating solution. Handcrafted in the USA with a durable hardwood frame and black kick base, it's built for long-term commercial use.

Upholstered banquette seating with deep soft cushioned padding for the most comfort and support. Frame is made from solid wood. Cushions are made of high density CAL 117 certified foam. Super high-performance commercial grade vinyl featuring 500,000 double rubs, California and Boston fire codes certifications. Common applications in hospitality, healthcare, contract, education, marine and automotive industries. Premium walnut laminate wraps around the base to create a beautiful and luxurious look. Laminate features stain, scratch and impact resistance. Our laminates are available in many finishes to match any decor.
